

UCCSN Board of Regents' Meeting Minutes April 10-11, 1953

04-10-1953

Volume 6 - Pages 404-418
and 453-455

UNIVERSITY OF NEVADA REGENTS MEETING April 10, 1953

The Board of Regents met in regular session in the President's office on Friday, April 10, 1953. The meeting was called to order by the Chairman at 9:35 A.M. Present: Regents Hardy, Lombardi, Grant, Ross; President Stout and Comptroller Hayden. Regent Crumley was in the hospital under the doctor's care in Elko, Nevada, and was, therefore, unable to be present. Present also were members of the student body, the general public and the following members of the Press, Byrn Armstrong, John Burns and Ed Olsen.

Hearings for the following faculty members have been scheduled as indicated to give them an opportunity to discuss their activities and to show why they should be retained as members of the faculty of the University of Nevada after June 30, 1953:

Robert M. Gorrell, Associate Professor of English - 9:30 A.M.
Robert Hume, Professor of English - 10 A.M.
Charlton G. Laird, Professor of English - 10:30 A.M.
Thomas M. Little, Assistant Professor of Biology - 11 A.M.
Frank Richardson, Associate Professor of Biology - 11:30 A.M.

Writs staying the hearings had been received from the Supreme Court of Nevada, and the President recommended that the ruling of the Court be complied with and the hearings postponed.

Motion by Dr. Lombardi carried unanimously that the President's recommendation be accepted.

The President informed the Regents that Attorney General Mathews would meet with them at 2:30 in the afternoon, and recommended that the Regents go into Executive Session at that time.

Motion by Mr. Grant carried unanimously that the President's recommendation be accepted.

1. Minutes of Previous Meetings

Motion by Dr. Lombardi carried unanimously that the minutes be approved for the regular meeting of January 16, 1953; that the minutes of the meetings of the Executive Committee of February 14, 1952 and February 27, 1953 be approved and the actions of the Executive Committee ratified; and that the reading of these minutes be dispensed with.

2. Candidates for Degrees

The following candidates for graduation had been recommended by the Dean and faculties of the Colleges concerned, and were now recommended by the President for the indicated degrees:

- (a) Motion by Mr. Hardy carried unanimously that the following students in the College of Arts and Science be approved:

Bachelor of Arts

Name	Field of Concentration
Bruno Benna	
Major: Physical Education	
Minor: Economics	
James Victor Castillou	Economics
Florence Caprio Daily	General Elementary Educ.
Ada Jane Geitner	History
Raymond Leihua Gonsalves	Physical Education
Bruce Hurchison Hill	
Major: Philosophy	
Minor: English	
Hazel Dudley Jones	General Elementary Educ.
Viola May Neill	Physical Education
Jacqueline Spell	Sociology
Jerry Alan Stanford	Art
Ethelind M. Steinheimer	Mathematics
George Edwin Streng	
Major: Psychology	
Minor: Philosophy	
Roy Lee Torvinen	Economics

Bachelor of Arts in Journalism

Robert E. Petrini
William Van der Ley

Bachelor of Science

Thomas Wilton Ekel Wild Life
Willie Verne Woodubry
Major: Wild Life Management

Bachelor of Science in Business Administration

Gene Hatcher Brown Business Administration
Donald Robert Eckles
Major: Business Administration
Minor: Military
James Joseph Echeto Business Administration
William Elwood Luce, Jr. Business Administration
George Edward Martin
Major: Business Administration
Minor: Mathematics
Silvano J. Pacini Business Administration
Leonard Joseph Savage
Major: Business Administration
Minor: Military

- (b) Motion by Dr. Lombardi carried unanimously that the following students in the College of Engineering be approved.

Bachelor of Science in Civil Engineering

Roy Alan Bell Leo Joseph Foster, Jr.
Eugene Arthur Belongie Donald Charles Steinwert
Robert Lee De Ruff Jean Le Roy Steinwert

- (c) Motion by Mr. Grant carried unanimously that the following students in the Mackay School of Mines be approved:

Bachelor of Science in Mining Engineering

Edward Le Maire

The following candidates for Advanced Degrees had been recommended by the Graduate Committee, the Dean and the faculty of the College concerned:

- (d) Motion by Mr. Hardy carried unanimously that the following students be granted the indicated degrees:

Master of Arts

Andrew E. Morby Spanish

Master of Science

Reilly Campbell Jensen Chemistry

3. Comptroller's Claims

Motion by Dr. Lombardi carried unanimously that the following claims as approved by the Executive Committee, be approved by the Board:

Regents Checks, Nos. 23-90 to 23-104 inclusive for a total of \$175,942.92 for January.

State Claims, Nos. 23-72 to 23-84 inclusive, for a total of \$126,996.55 for January.

Regents Checks, Nos. 23-105 to 23-118 inclusive for a total of \$139,703.46 for February.

State Claims, Nos. 23-85 to 23-93 inclusive for a total of \$109,076.00 for February.

Regents Checks, Nos. 23-119 to 23-135 inclusive for a total of \$165,074.35 for March.

State Claims, Nos. 23-94 to 23-104 inclusive for a total of \$95,502.99 for March.

4. Admission Requirements

The President presented the results of a study and the recommendations of the Committee on Admissions, and recommended that they be approved.

On January 17, 1953, the Admissions Committee unanimously recommended the following proposed rules for admission to the University of Nevada.

- I. The classifications, Limited Freshmen, Restricted Freshmen and Special Students, be dropped, and the category, Unclassified Students, be added.

Unclassified Students. Unclassified Students include the following and no others:

A. Graduates of Nevada high schools (or graduates of out-of-state high schools who are legal residents of this State or whose parents or guardians are legal residents of Nevada) who fail to meet our entrance requirements for regular standing.

B. Legal residents of Nevada, 21 years or more of age, who fail to meet our entrance requirements for regular standing.

II. Procedures for Obtaining Regular Status. An Unclassified Student may obtain regular student status by either removing entrance deficiencies, or demonstrating ability to do creditable College work.

A. Deficiency due to less than 15 acceptable high school units may be removed by one or more of the following methods:

1. By successfully passing the College Aptitude and Achievement Tests.
2. By successfully passing proficiency examinations in subjects in which credit is lacking.
3. By successfully completing non-credit, sub-college courses such as English A, Mathematics A and B, etc. If a non-credit course in the deficient subject is not offered, College credit may be used. If the grade in the College course is C or higher, the credit need not be canceled but may be used in the regular manner for College graduation.
4. By using any College credit to cancel high school deficiencies at the usual rate of 4, but not less than 3, semester credits for each high school unit.
5. By demonstrating ability to do creditable College work by earning 30 or more credits at the University of Nevada in his regular course with an overall grade point average of 2.5 or better, or 45 or more credits with an overall average of 2.0 or better.

B. Deficiency due to less than 10 acceptable basic

units (see section IV below) may be removed by one or more of the methods listed above under sub-sections:

- II - A - 1
- II - A - 2
- II - A - 3
- II - A - 4
- II - A - 5

C. Deficiency due to lack of credit in specific subjects required for entrance in the College of the student's choice may be removed by one or more of the following methods:

1. As in sub-section II - A - 2.
2. As in sub-section II - A - 3.
3. By using College credit in the particular high school subject area in which specific units are lacking at the usual rate of 4, but not less than 3, semester credits for each high school unit.

D. Deficiency due to less than 6 quality units (4 of the quality units must be acceptable basic units) may be removed by one or more of the following methods:

1. As in sub-section II - A - 1.
2. As in sub-section II - A - 5.
3. By completing with a grade of C or better College courses in subject matter in which high school grades were below 80. The College credit in these courses will not be cancelled, but may be used in the regular manner for College graduation.

III. Liberalization of the list of acceptable academic and other subjects (See catalogue, pages 52 and 53) to read as follows:

Ten Basic Units

Of the 15 units required for admission, at least 10 must be presented from the following list:

Maximum Units

English

1st year through 4th year, Public

Speaking, Journalism 1 unit each

Foreign Language

1st year 1 unit each

Advanced (1 or more years) 1-3 units

Social Sciences

All Histories (1 year each) 1 unit each

Civics 1/2-1 unit

Economics, Sociology, Psychology 1/2-1 unit
each

Mathematics

Algebra, Plane Geometry 1 unit each

General Mathematics (containing
elements of Algebra, Geometry,
etc.) 1 unit each

Advanced Algebra, Solid Geometry,
Trigonometry 1/2 unit
each

Sciences

General Science, Physics,
Chemistry 1 unit each

Botany, Biology, Physiology,
Physical Geography, Mineralogy,
Geology 1/2-1 unit
each

Miscellaneous

Commercial Law, Commercial
Geography, Shorthand, Book-
keeping, Vocational Agriculture,
Home Economics 1/2-1 unit
each

Elective Subjects

A maximum of 5 units in subjects other than the basic subjects above may be used as part of the 15 units required for admission.

All vocational subjects accepted by the high school toward graduation are acceptable as elective subjects.

Physical Education is not used for entrance purposes. R. O. T. C., also, is not used for entrance since the 2nd and 3rd year program in high school may receive College credit (upon application to the Professor of Military Science and Tactics), and is not acceptable for both purposes.

- IV. It is suggested that the various Colleges review and and revise the specific high school subject requirements for entrance to the respective Colleges. (It is the belief of the Committee that, although certain subjects may be necessary as prerequisites for advanced work in related fields, e. g., Mathematics in Engineering, no basic high school subject is more indicative of later success in College than any other basic subject.)

NOTE: The various Colleges have acted upon this recommendation and notified the Admissions Committee as to revised specific requirements for their respective Colleges.

College of Agriculture

English, 3 units
Mathematics (Algebra and/or Geometry), 2 units
Natural Science, 1 or 2 units
Social Science, 1 or 2 units (3 Science units)

College of Arts and Science

English, 3 units
Algebra, Geometry or Natural Science (including General Science, 2 units)

College of Engineering

English, 3 units
Plane Geometry, 1 unit
Algebra, 1 1/2 units
Trigonometry, 1/2 unit
Chemistry or Physics, 1 unit

It is recommended that 1/2 unit of Solid Geometry be taken in addition to above list.

Mackay School of Mines

English, 3 units
Algebra, 1 1/2 units
Plane Geometry, 1 unit
Trigonometry, 1/2 unit
Chemistry or Physics, 1 unit

V. If the foregoing is adopted, the Unclassified category will include a considerable number of students who have not made quality units in high school. Past experience at Nevada has indicated that these students make a satisfactory record only rarely in the present regular curricula. Some leave school, others fail. These often constitute a dissatisfied group because they feel their needs have not been met. It may be assumed that they have legitimate needs, that there is a demand that the University meet these needs and that turning these students out without meeting their needs does no good either for them or the University except for the fact that they have had a chance to attempt the regular curricula. On the basis of these assumptions, the Committee on Admissions recommends that some person, officials or committee be designated to give serious consideration to what kind of program would really meet the needs of these individuals, what kind and amount of additional University personnel or facilities would be necessary, and whether or not the program should be put into effect.

Admissions Committee

Wm. I. Smyth, Chairman
Clarence E. Byrd, Ex-Officio
Ralph A. Irwin
James F. Kidwell
Robert J. Morris
William Van Tassel

Motion by Mr. Hardy carried unanimously that they be approved and included in the next University catalogue.

5. Board and Room Contracts

The President presented contract forms for board and room at the University which had been recommended by the Dean of Student Affairs, and which included an increase in room rent from \$60 to \$75 per semester, effective with the Fall semester 1953.

Motion by Mr. Hardy carried unanimously that the contract form and the increase in rental be approved.

6. Clark Field Housing (Victory Heights)

The President presented a recommendation from the Dean of Student Affairs that rental of apartments in Victory Heights be increased from \$34.00 to \$37.50 per month, effective with the school year 1953-54, to permit replacement of equipment, and improvements in the living quarters.

The President discussed Dean Carlson's proposal that the University make available to tenants paint and equipment for tenant maintenance in Victory Heights, with the approval of the local Unions.

Motion by Mr. Hardy carried unanimously that the increase in rent be approved, and that University Administration be authorized to investigate the possibility of an arrangement with the local Unions to permit tenant maintenance.

7. South Virginia Farm

Dean Hutchison came into the meeting at 10:05 to discuss with the Regents the matter as to whether or not the Farm on South Virginia Road should be sold. The discussion was scheduled because a local real estate man had approached the Administration with an offer for purchase of the Farm.

Dean Hutchison asked that the Farm be not sold because of its value to the University and to the State as a laboratory of the College of Agriculture. He pointed out that land had not been found which was as suitable for Agricultural laboratory purposes, even though a search had been made over a period of years.

Mr. Grant Hollister of the Soil Conservation Service, who was one of the visitors at the meeting, spoke as "an interested taxpayer and citizen" in urging the University to retain the Farm.

Dean Hutchison made the following recommendations, in which the President concurred, and

Motion by Dr. Lombardi carried unanimously that it be approved:

The Regents of the University announce publicly that the

South Virginia Farm is dedicated to Agricultural education and research and for the benefit of all the people of Nevada and is, therefore, not for sale.

Dean Hutchison left the meeting at 10:55 A.M.

The Board recessed for a rest period and was called to order by the Chairman at 11:10 A.M.

8. Health Service

The President presented a recommendation from the Chairman of the University Health Committee that the Health Service Fee be increased from \$6.00 to \$8.00 per semester, beginning with the Fall semester, 1953. The increase was requested because of increased costs and added services to the students. The President recommended approval in order that the University might continue to provide these health services.

Motion by Dr. Lombardi carried unanimously that the recommendation be approved.

9. U. S. Bureau of Mines Building

Mr. Hardy called attention to the U. S. Bureau of Mines building now in process of construction on the Campus, pointing out that it will be one of the most important research Bureau of Mines Stations in the United States. The Bureau of Mines is requesting additional land to permit suitable landscaping.

Motion by Mr. Hardy carried unanimously that the Regents recess and visit the area of construction of the building.

The meeting recessed at 11:20 A.M.

The recessed meeting was called to order by the Chairman at 2 P.M.

10. Student Union Building

The President reported that the Legislature had passed the bill granting up to \$300,000 in matching funds for the construction of a Student Union building. Attorney General Mathews will find out for the University the exact amount of money which can be expected from the Travis Estate. The Student Committee, the Faculty Committee and the Alumni Com-

mittee on the Student Union building will be asked to appoint members to an overall committee to make recommendations to the University Administration. The State Planning Board as part of its regular duties will be charged with the actual construction of the building, and the architects will work directly with the Planning Board.

11. Budget for Biennium

Comptroller Hayden reported on the budget granted to the University by the Legislature. The item for \$300,000 for a Student Union building was removed from the budget and handled as a bond issue. Mr. Hayden said that the proposed operating budget for the next two years would be ready for distribution at the next meeting of the Board of Regents.

12. Personnel Recommendations

The President presented the following recommendations on personnel:

Approval of appointment of James Mc Nabney as Graduate Manager at a salary of \$5100 per year, effective January 1, 1952 from ASUN Funds.

Approval of appointment of Trinie Erquiaga as Bookkeeper Secretary in the office of the Graduate Manager of \$200 per month from ASUN Funds, effective October 20, 1952.

Approval of appointment of Proctor Hug, Jr. as Student Body President at a salary of \$65 per month from ASUN Funds, effective September 2, 1952.

Approval of appointment of Barbara Van Meter as Secretary to the Student Body President at a salary of \$35 per month from ASUN Funds, effective September 17, 1952.

Approval of appointment of Darrell Peterson as Student Janitor in the ASUN building at a salary of \$35 per month from ASUN Funds, effective February 1, 1953.

Motion by Mr. Hardy carried unanimously that the above recommendations be approved.

Approval of appointment of Betty June Montgomery as Loan Librarian at a salary of \$250 per month for the period February 1, 1953 to June 30, 1953 in the place of Mrs. Ciervo, resigned.

Motion by Dr. Lombardi carried unanimously that the above recommendation be approved.

Appointment of Robert Staehlin as Loan Librarian at a salary of \$4200 per year, effective July 1, 1953.

Motion by Dr. Lombardi carried unanimously that the above recommendation be approved.

Approval of appointment of La Mar Ralph Smith as sub-professional Assistant in the Library at a salary of \$2700 per year, effective February 15, 1953, in the place of Miss Elkins, resigned.

Motion by Mr. Grant carried unanimously that the above recommendation be approved.

Approval of appointment of Marvin Colin Abrams as Laboratory Technician, Atomic Energy Project, Mackay School of Mines, at a salary of \$140 per month during College year, and \$280 per month during Summer months, from AEC Funds, effective February 1, 1953.

Approval of appointment of Donald C. Tibbals as Assistant Museum Curator at the Mackay School of Mines at a salary of \$140 per month (1/2 time) for the period from February 1, 1953 to May 31, 1953.

Approval of appointment of Fred R. Lee, Jr. as Laboratory Assistant in the Department of Metallurgy at a salary of \$140 per month (1/2 time) for the period February 1, 1953 to May 31, 1953.

Approval of appointment of Harry A. Varischetti as Laboratory Assistant in the Department of Metallurgy at a salary of \$140 per month (1/2 time) for the period February 1, 1953 to May 31, 1953.

Approval of appointment of Roger L. Robinson as Laboratory Assistant in the Department of Geology at a salary of \$140 per month (1/2 time) for the period February 1, 1953 to May 31, 1953.

Motion by Mr. Hardy carried unanimously that the above recommendations be approved.

Approval of reappointment of Mrs. John Fant as Assistant

in Education at a salary of \$500 for the Spring semester 1953.

Motion by Mr. Grant carried unanimously that the above recommendation be approved.

Approval of reappointment of Mrs. Mabel Brown as Assistant in Foreign Languages at a salary of \$500 for the Spring semester 1953.

Motion by Dr. Lombardi carried unanimously that the above recommendation be approved.

Approval of appointment of Myrl Nygren as Lecturer in Dietetics in the Department of Home Economics at a salary of \$500 for the Spring semester 1953.

Approval of appointment of Ruth Reed as Lecturer in Dietetics in the Department of Home Economics at a salary of \$1000 for the Spring semester 1953.

Motion by Dr. Lombardi carried unanimously that the above recommendation be approved.

Approval of appointment of Mrs. Adele Maclean as Secretary in the Alumni office; 1/2 of her salary, \$100 per month, to be paid from University Funds, effective February 10, 1953.

Motion by Dr. Lombardi carried unanimously that the above recommendation be approved.

Appointment of Dr. Joe Moose as Director of Research and Graduate Study for the year 1953-54.

Motion by Mr. Hardy carried unanimously that the above recommendation be approved.

The Board went into Executive Session at 2:30 P.M. to meet with Attorney General Mathews.

The Board returned to regular session at 3:20 P.M. and Mr. Mathews left the meeting at that time.

12. Personnel Recommendations (continued)

Approval to send H. J. Seim, Assistant Professor of Chemistry, to the Oak Ridge Institute of Nuclear

Studies for a course in Radioisotope Technique at a cost of not to exceed \$800.

Motion by Mr. Hardy carried unanimously that the above recommendation be approved and that Mr. Seim be required to sign an agreement that he will return to the University of Nevada for at least one year.

Approval of appointment of Mary E. Johnson as Assistant Nurse in the Infirmary at a salary of \$230 per month, plus laundry of uniforms and meals, effective February 10, 1953, in the place of Mrs. Marden, resigned.

Motion by Mr. Grant carried unanimously that the above recommendation be approved.

Retirement of Edith Ruebsam as Association Professor of Education, effective July 1, 1953.

Retirement of Milan J. Webster as Professor of Economics Business and Sociology, effective July 1, 1953.

Retirement of Jessie Pope as Associate Professor of Home Economics, effective July 1, 1953.

Motion by Mr. Grant carried unanimously that the above recommendations be approved.

The Board recessed as a Board of Regents and convened as a Board of Control for the Agricultural Experiment Station at 3:30 P.M.

The President presented the following personnel recommendation:

Approval of appointment of Richard A. Gerity as Graduate Research Assistant in Range Management at a salary of \$2000 per year, effective March 23, 1953.

Motion by Dr. Lombardi carried unanimously that the above recommendation be approved.

The Board adjourned as a Board of Control for the Agricultural Experiment Station and reconvened as a Board of Regents.

13. Supreme Court Order

Referring to writs of the Supreme Court staying hearings on the faculty members scheduled for this meeting.

Mr. Hardy moved that the President be instructed to draw up a Bill of Particulars in each case and to file them with the Supreme Court; and further, that the Regents employ legal counsel to assist the Attorney General in this matter. The motion carried unanimously.

14. Athletic Conference

The President presented a letter from Glenn J. Lawlor, Director of Athletics, concerning a proposed Intercollegiate Athletic Conference. It was explained that during the past Fall and Winter considerable informal discussion concerning a new Athletic Conference has been held among Athletics Heads of 5 schools, namely, University of California Aggies, Chico State College, Sacramento State College, San Francisco State College and the University of Nevada. Two meetings of the Athletic Directors have been held so far. Mr. Lawlor and Dr. Moose will attend the next meeting and will report back to the President of the University. Recommendations will then be presented for approval of the Board of Regents.

15. Salary Increases

- a) By unanimous agreement the Regents increased the salary of President Stout from \$10,800 to \$12,000 per year; and increased the entertainment allowance for the President from \$150 to \$200 per month, both effective July 1, 1953.
- b) The President recommended the following salary increases which had been recommended to him by the Deans of the Colleges concerned and the Directors and Heads of the respective Divisions of the University.

Motion by Mr. Grant carried unanimously that they be approved as follows:

Administration

President's Office

Alice Terry, Secretary to President and Board of Regents	\$4200	\$ 840	\$5040
Maureen Sadler, Stenographer- Receptionist	1980	420	2400

Controller's Office

Perry W. Hayden, Comptroller	7600	1200	8800
Mary Moulton, Secretary-Clerk	3360	480	3840
Irene Onofrok, Payroll Clerk	2700	300	3000
Yolanda M. Battaglia, Budget Clerk	2100	300	2400
Gladys Stimus, Cashier	2100	300	2400

16. U. S. Bureau of Mines Building

Mr. Hardy suggested, on behalf of the group of mining men in the State, that the name of Senator Mc Carran be connected with the name of the new U. S. Bureau of Mines building as a tribute to his work in the United State Senate. After some discussion, it was decided that the matter be taken up at the next meeting of the Regents, and that in the meantime, the members of the local Bureau of Mines Station be consulted.

17. Mr. Sheeketski, who was among the visitors throughout the meeting of the Board, expressed sincere thanks to Dr. Stout and members of the Board of Regents for assisting so ably in passage of the Bill of settlement of his salary contract. He wished the University a great deal of success in its new athletic program and in the University program generally.

The meeting adjourned at 4 P.M. until the regular meeting of June 6, 1953, unless a meeting is called by the Chairman prior to that date.
