## UNIVERSITY OF NEVADA REGENTS MEETING July 19-20, 1956

The Board of Regents met in regular session in the President's office at the University on Thursday, July 19, 1956. The meeting was called to order by the Chairman at 9:05 A.M. Present: Regents Hardy, Grant, Lombardi, Thompson, Ross; Comptroller Hayden and President Stout. Academic Vice President Wood was present for the presentation of budget in the teaching areas. Dr. Richard G. Lillard of the State of Nevada University Survey Team was present as an observer.

Reporters Hulse and Digino covered the session for the day.

### 1. Minutes of Previous Meetings

Motion by Mr. Grant carried unanimously that the minutes of previous meetings be approved, as follows:

- a) Regular meeting of June 2, 1956
- b) Regular meeting of June 25-26, 1956
- c) Special meeting of June 27 and 30, 1956

### 2. Presentation of Budget Needs for the Biennium 1957-59

President Stout described the process by which the budget needs had been received, studied and prepared for presentation to the Board of Regents. Conferences were held with each Dean individually, with the Academic Vice President in regard to the teaching areas, and with the Comptroller.

- a) Dr. William Wood first talked of the projected enrollment increase in the University, based on population growth of the State as predicted by the U. S. Census Bureau, and other studies on a national and statewide basis.

President Stout spoke, also, of the coming enrollment increase and recommended that the doors of this Uni-

versity be kept open for the youth of Nevada and that no top limit be set at this time. The Regents agreed, by consensus, that no top limit should be set at this time.

- b) Dean Vernon E. Scheid came into the meeting at 9:25 A.M. to discuss the budget needs of the Mackay School of Mines, and left the meeting following his presentation.

Mr. Hardy suggested, for consideration at a later meeting, the possibility of Congressional action providing for the rehabilitation of the old Bureau of Mines building so that it would be returned to the University in as good condition as it was when originally occupied by the U. S. Bureau of Mines.

- c) Dean Stanley G. Palmer came into the meeting at 10:15 A.M. to discuss the budget needs of the College of Engineering, and left the meeting following his presentation.
- d) Dean Garold H. Holstine came into the meeting at 11:00 A.M. to discuss the budget needs of the College of Education, and left the meeting following his presentation.

c) Resignation, as follows:

1. Melvin E. Davison as Graduate Research Assistant in Agronomy and Range Management, effective July 1, 1956. Mr. Davison's appointment was approved at the meeting of June 2, 1956, but Mr. Davison has now decided not to leave his present post.

The Board adjourned as a Board of Control for the Agricultural Experiment Station and reconvened as a Board of Regents.

The meeting of the Board of Regents recessed at 12:07 noon for luncheon in the University Dining Hall.

The recessed meeting was called to order by the Chairman at 1:40 P.M., with all present who started the morning session.

4. Presentation of Budget Needs (Continuation of Item #2)

- e) Dean John R. Bertrand, Dr. Eldon Wittwer and Mr. William G. Stucky came into the meeting. Dean Bertrand discussed the budget needs of the College of Agriculture with the assistance of Dr. Wittwer and Mr. Stucky and they left the meeting following their presentation.
- f) Dean Ralph Irwin came into the meeting at 2:50 P.M. to discuss the budget needs of the College of Arts and Science, and left the meeting following his presenta-

tion.

- g) Dean Robert C. Weems, Jr. came into the meeting at 4:05 P.M. to discuss the budget needs of the College of Business Administration and left the meeting following his presentation.

The meeting recessed at 4:40 P.M. until the following morning.

The recessed meeting of the Board of Regents was called to order by the Chairman at 8:55 A.M. in the President's office at the University, on Friday, July 20, 1956. Present were all who started the meeting on Thursday morning, July 19, 1956.

Reporters Hulse and Friel covered the session for the day.

- h) Dean Joe Moose came into the meeting at 9:00 A.M. to discuss the budget need for Graduate Studies and Research, and left the meeting following his presentation.
- i) Mr. J. J. Hill came into the meeting at 9:30 A.M. to discuss the budget needs of the University Library, and left the meeting following his presentation.
- j) At 10:00 A.M. Dr. William R. Wood discussed the budget needs of the Statewide Development Program of Higher Education.
- k) Mr. Robert Poolman, University Engineer, came into the meeting at 10:55 A.M. to discuss the budget needs of Buildings and Grounds and the Building Program of the University.

The meeting recessed at 12:10 noon for luncheon in the University Dining Hall.

The recessed meeting was called to order at 1:00 P.M. by the Chairman with all Regents, the Comptroller and the President present.

- l) Mr. Edward Randall came into the meeting at 1:00 P.M. to discuss the budget needs of the Food and Drugs, Petroleum Products-Weights and Measures Department, and left the meeting following his presentation.
- m) Mr. Hayden presented and discussed the budget needs for administrative Departments, including Student Affairs,

and explained the overall budget process.

President Stout stressed the need for the University to prepare for the increased enrollment which is to come, and to make up in this budget for the lag in building programs over the past several years. The Regents took copies of the budget, as presented, for study and consideration, and action at the next meeting of the Board. President Stout thanked the Regents for their willingness to sit and listen to the budget presentations.

## 5. Gifts

Gifts which had been received by the University were presented to the Regents for acceptance, as follows:

- 1) From Bruce Belnap, B. S., University of Nevada, 1952, \$25 under the General Electric Corporate Alumnus Program, whereby matching contribution will be made by General Electric Company.
- 2) From Mrs. Kapo of Reno, a collection of ores, minerals and artifacts for the Mackay Museum.
- 3) From David Fischer of Sacramento, through the efforts of Silas E. Ross, the U. S. Geological Survey Bulletin, "Bibliography of North American Geology 1919-28", by John M. Nickles, for the Mackay School of Mines Library.
- 4) From the Isbell Construction Company of Reno, \$25 for purchase of books for the Mineral Industry Library of the Mackay School of Mines.
- 5) From Mrs. Marshall Guisti and family, establishment of an annual scholarship as a memorial to her father, Alex Ransom, Nevada prospector and mine operator, in the amount of \$25 per year. The award is to be made to "the Sophomore student of the Mackay School of Mines who has made outstanding improvements in his scholarship."
- 6) From Edgerton, Germeshausen & Grier, Inc., of Las Vegas, establishment of a scholarship, for which \$1000 was forwarded to the University for at least two scholarships during the school year 1956-57 in Electrical Engineering and Physics. The scholarships are to be named "The Edgerton, Germeshausen & Grier, Inc. Scholarships in Electrical Engineering and Physics" and awards

are to be from \$200 to \$500 each. The students receiving the awards must possess the following qualifications:

1. Need financial assistance in the amount of the scholarship in order to attend the "School of Electrical Engineering" or the "Department of Physics" at the University of Nevada.
2. Satisfy the scholarship requirements of these Departments.
3. Give promise of success in either of these fields.
4. Demonstrate qualities of leadership and cooperation in University activities.
5. Be recommended by the Head of Electrical Engineering or the Head of the Physics Department to the Dean of Engineering for his approval and final recommendation to the Committee on Scholarships of the University of Nevada.

Should it occur that the entire amount of the funds is not awarded during the coming school year, it is desired that the remaining balance be awarded the following school year.

It is the present intention to fund this scholarship program from year to year so long as the earnings of the Corporation permit.

Motion by Mr. Grant carried unanimously that the gifts be accepted with appreciation and that a note of thanks be sent to each donor.

Mr. Poolman came into the meeting at 2:15 P.M. for consideration of items pertaining to Buildings and Grounds.

#### 6. Bid Opening - Greenhouses

The President gave the following report on the bid opening.

The meeting to open bids for construction of headhouse and greenhouses, in connection with the Max C. Fleischmann College of Agriculture, was held in the President's office at 4:00 P.M., July 17, 1956, the time and date duly set in the advertised bid notice. Present: Chairman Ross, President

Stout, Comptroller Hayden, Engineer Poolman, Architect Parsons and representatives of bidding firms.

The bids were opened by Chairman Ross and tabulated as follows:

Walker Boudwin    Frank Capriotti Weil Construction

Base Bid	\$82,979.00	\$82,062.00	\$78,563.00
Add Alt. A	46,985.00	47,014.00	46,670.63
Add Alt. B	44,875.00	43,709.00	41,935.69

The bids were then referred to Comptroller Hayden, Engineer Poolman and Architect Parsons for codification and recommendation, in consultation with President Stout. These men left the meeting at 4:05 P.M. and returned at 4:15 P.M. with the recommendation that the base bid of the Weil Construction Company be accepted in the amount of \$78,563 at this time.

The Secretary was instructed to poll the other members of the Board.

The meeting adjourned at 4:20 P.M.

The Secretary reported that she had polled the members of the Board and that all were in favor of awarding the base bid, with no alternates, to Weil Construction Company.

The University has already obligated \$15,678 in purchasing two pre-fabricated greenhouses. The budget estimate was \$90,000, leaving \$4,241 to come out of the Contingency Fund set up by the Fleischmann Foundation, if the bid of \$78,563 is accepted.

Motion by Mr. Grant carried unanimously that the base bid of Weil Construction Company for headhouse and two greenhouses, in the amount of \$78,563 be accepted; and that the President enter into contract with Weil Construction Company.

## 7. Classroom Building, Reno Campus

Mr. Ross called attention to the fact that the classroom building which will be erected on the site of the Agriculture Extension building is the first University building to be erected exclusively for classroom purposes. He suggested that the fact be signified by the laying of a cornerstone.

The present building on the site, which was constructed in 1901, contains an identification stone, with inscription. Discussion followed concerning the stone.

Motion by Mr. Hardy carried unanimously that the identification stone be placed in a conspicuous place in the new building, and that a committee composed of Mr. Ross, Chairman, the University Engineer, and the Architect, be authorized to study the matter and to proceed with the placing of the stone, and to purchase a plaque suitably inscribed for the stone.

Motion by Mr. Thompson carried unanimously that the Grand Lodge of Masons be invited to lay the official cornerstone on the first classroom building, to be erected on the site of the present Agricultural Extension building.

#### 8. President's House on the Campus

Mr. Ross suggested that, when the cornerstone is laid in the Sarah Hamilton Fleischmann Home Economics building, it should contain the names of the donors to the original building on that site, namely, the President's house, if the list can be found.

Motion by Mr. Grant carried unanimously that a search be made for the list of donors to the President's house on the Campus, and that it be placed in the receptacle of the cornerstone of the new building.

#### 9. Fleischmann Buildings

##### a) Change Orders

President Stout referred to the statement in the Agreement Between Owner and Architect, Max C. Fleischmann Foundation, College of Agriculture, which states, "No change shall be made to the working drawings and specifications or change orders issued except by written approval signed by (1) the Architect, (2) by a representative of the Board of Regents for the University of Nevada; and (3) by a representative of the Foundation trustees."

The item was discussed, particularly the method of procedure for securing the signature of the representative of the Board of Regents.

Motion by Mr. Thompson carried unanimously that the Architect be notified that any change orders be routed through the President to the University Engineer, for both Fleischmann buildings, with the understanding that before the order becomes final, the Chairman of the Board shall sign on behalf of the Board of Regents.

b) Earthquake Insurance

A letter from Edward Parsons, Architect, was read and considered in which he suggested "that in addition to the fire insurance as per Article 29 of the General Conditions and Article 50 of the Supplementary General Conditions calling for flood insurance, earthquake insurance be also included as a rider in policies for the Max C. Fleischmann Agriculture building and the Sarah Hamilton Fleischmann Home Economics building."

Mr. Hayden reported on his conference with Grant Robinson, State Auditor, concerning provision for earthquake insurance, who advised that the office has studied the matter, and as a result of the study, does not include it in policies for State buildings.

By consensus, it was agreed that Mr. Parsons be notified that the University does not wish to include earthquake insurance in the policy for the Fleischmann buildings.

c) Architect's Fee

Mr. Hayden presented request for payment of Architect's Fee in the amount of \$15,415.71. It was pointed out that the Agreement indicated the "cost not to exceed \$2,091,180." However, an additional grant from the Fleischmann Foundation increased the sum.

Motion by Mr. Grant carried unanimously that the Comptroller be authorized to pay Mr. Parsons on the basis of 6% of the bid price of the Max C. Fleischmann Agriculture building and the Sarah Hamilton Fleischmann Home Economics building, and the entire matter be given further study.

10. Building Program

The Regents asked the University Administration to study the items requested under Capital Outlay for the next biennium, and to list them in order of their importance and need to

the total University program. Mr. Poolman was delegated to prepare the initial study.

The meeting adjourned at 3:00 P.M. until August 13, 1956, the date set for action of the Board of Regents on the biennial budget of the University.
