UNIVERSITY OF NEVADA REGENTS MEETING June 1, 1957

The Board of Regents met in regular session in Room 205, Morrill Hall, University of Nevada, on Saturday, June 1, 1957. Present: Regents Anderson, Bastian, Broadbent, Elwell, Grant, Hardy, Lombardi, Sawyer, Thompson; Comptroller Hayden and President Stout. Academic Vice President was present for items in his area. The meeting was called to order by Chairman Grant at 9:10 A.M.

Reporters who covered the meeting were Bob Laxalt of the University News Service, Bryn Armstrong of the Reno Evening Gazette and James Hulse of the Nevada State Journal.

1. Minutes of Previous Meeting

Motion by Mr. Hardy, seconded by Mr. Sawyer, carried unanimously that the minutes of the regular meeting of May 18, 1957 be approved.

2. Gifts

Gifts which had been received by the University were presented for acceptance by the Board as follows:

- a) From Mrs. George Schweis of Reno, the academic hood and gown which belonged to Mr. S. B. Doten.
- b) From the General Electric Company, \$125 to match the contributions of C. P. Hamilton and E. R. Uhlig, under the General Electric Corporate Alumnus Program.

Payments on existing scholarships and prizes, as follows:

- a) From Mrs. Henry Albert of Des Moines, Iowa, \$50 to cover the Henry Albert Senior Public Service Prize.
- b) From Mrs. Louise Semenza of Reno, \$100 for the Semenza

Scholarship in Business Administration.

- c) From Sidney Robinson of Reno, \$150 for the Mary Elizabeth Talbot Memorial Scholarship in Mathematics.

Motion by Mr. Thompson, seconded by Dr. Anderson, carried unanimously that the gifts be accepted and that the Secretary write a note of thanks to each donor.

Appointments, as follows:

Pat O. Currie as Field Technician in Agronomy and Range
Management at a salary of \$306.67 for approximately
3 months beginning June 1, 1957 (new position).

Miller T. Hunter as Assistant Agricultural Agent, Washoe
County, at a salary rate of \$6200 based on 12 months
service, effective June 1, 1957, in the place of
Walter C. Christensen, resigned.

Donald Orlando Toci as Research Technician in Range
Management at a salary of \$4600 in the place of T.
A. Hannon and Irving Hackett, each of whom held
the job on a half-time basis.

MACKAY SCHOOL OF MINES

Appointment of George J. Stathis as Museum Assistant
at a salary of \$150 per month, for half-time
service, effective September 1, 1957 (replacement
for Donald F. Divens).

COLLEGE OF ARTS AND SCIENCE

Appointments as follows:

Theodore G. Grieder, Jr., as Instructor in English at
a salary of \$5200 for the academic year 1957-58
in the place of Keith Wilson, resigned.

Gerald Sheldon Silberman as Lecturer in Mathematics at
a salary of \$6000 for the academic year 1957-58,
to fill a position which was unfilled in the 1956-57
year.

ASSOCIATED STUDENTS

Approval of Contracts as follows:

Donald Travis as ASUN President at a salary of \$65 per month, effective May 15, 1957.

Glenda Price as ASUN Secretary at a salary of \$35 per month, effective May 15, 1957.

Motion by Dr. Lombardi, seconded by Mr. Hardy, carried unanimously that the personnel recommendations be approved.

Motion was made by Mr. Sawyer, stating that because he understands the Head of his Department recommended William C. Miller for promotion, because of 24 years service at the University with no promotion for the past 10 years, and because he holds the Ph. D. degree, that William C. Miller be granted the rank of Professor and raised in salary an additional \$200, making his salary \$7970 for the year. The motion was seconded by Mr. Elwell.

President Stout presented an appeal from Dr. Miller which had reached the desk of Dean Wood the previous afternoon, and which by-passed regularly established channels for presenting an appeal to the Board of Regents. President Stout recommended that his appeal be referred back to him so he could refer it back through channels.

Motion was made by Mr. Thompson, and seconded by Mr. Hardy, that the motion by Mr. Sawyer be amended to refer the appeal back to the President and the Administrative staff.

Mr. Sawyer and Mr. Elwell did not accept the amendment.

Motion was made by Mr. Thompson and seconded by Mr. Hardy that action on Mr. Sawyer's motion be postponed to give the Administration an opportunity to study the matter, that in the course of the study, the Department Heads in the College of Arts and Science be polled in formal meeting together, and that the record of the votes by the Department Heads be submitted to the Board of Regents.

The motion was carried with the following vote:

"no" - Broadbent, Elwell, Sawyer

"aye" - Anderson, Bastian, Grant, Hardy, Lombardi,
Thompson

Motion by Mr. Bastian, seconded by Mr. Sawyer, carried unanimously that in all recommendations for change in personnel - salaries, tenure or promotion, a formal vote be taken, a record kept of each vote and the voting record submitted to the Board of Regents, together with a record of all formal actions taken.

4. University Farm

Dean Adams came into the meeting to discuss the proposed budget for the University Farm. In the presentation, it was noted that there was a difference of \$175,000 between the sale price of the South Virginia Farm and the purchase price of the present Main Station Farm, and that \$75,000 was allocated to the operating budget, with \$100,000 held in a special fund for future use, when plans were to be submitted and approved by the Regents. A budget for \$89,000 from the \$100,000 is now being presented. The estimates for building improvements included in the proposed budget were checked by the University Engineer and priorities established. Dean Adams, in his report and supporting data, recommended that the Ladino Dairy Farm be sold and that the entire Farm program be carried on at the University's Main Station Farm, which Dean Adams indicated would be adequate for the purpose.

Motion by Mr. Elwell, seconded by Mr. Sawyer, carried unanimously that the President be authorized to approach the members of the Fleischmann Foundation concerning the sale of the Ladino Dairy Farm, which was a gift of Major Max C. Fleischmann.

Motion by Mr. Thompson, seconded by Dr. Lombardi, carried unanimously that, if the approval of the Fleischmann Foundation is obtained in the sale of the Ladino Dairy Farm, the President be authorized to employ two competent appraisers to appraise the Ladino Farm.

Motion was made by Dr. Lombardi and seconded by Mr. Bastian, that the farm budget be approved as presented. The motion was amended by Mr. Thompson to approve the budget, with the understanding that, when the Ladino Dairy Farm is eventually sold, the \$100,000 set aside from the sale of the South Virginia Farm will be replaced from income from sale of the Ladino Dairy, and the use of the \$100,000 will then be considered on the basis of total University needs. The amendment was accepted, and the motion, as amended, carried

unanimously.

5. 4-H Camp

Mr. Poolman was asked to report on the bid opening held on June 11 (?) for improvements at the 4-H Camp at Lake Tahoe, a repair project which will be paid from rental for the Camp, a self-supporting project. Only one bid was received, that of \$10,886 from Gedney Brothers and Lofthouse. The bid was considered to be in order and was within the estimate; so was recommended for acceptance.

Motion by Mr. Sawyer, seconded by Mr. Hardy, carried unanimously that the bid be accepted and the Presidents authorized to enter into an agreement with the contractor.

The meeting recessed at 11:25 A.M. so that Chairman Grant and President Stout might attend Commencement rehearsal. Mr. Poolman escorted the other Regents on a tour of buildings under construction on the Campus.

The recessed meeting was called to order at 2:30 P.M. in Room 205 Morrill Hall with all present who were at the morning session.

6. North Virginia Street Property

At the request of President Stout, Mr. Hayden reviewed developments in negotiations for property belonging to Mr. Nielsen against which condemnation proceedings have been filed. Mr. Nielsen was present to make a counter-proposal, and Mr. Tapscott from the office of the Attorney General was present as the legal advisor to the Board of Regents.

Mr. Nielsen stated that his property is zoned R-3, and that he believed the original appraisal figure (\$3400) by the realtor representing the University was too low. Before he resisted the condemnation, he received an appraisal of \$8700 from one realtor, and an appraisal of \$7500 from another realtor.

In view of newspaper reports of prices paid by the City of Reno for property which he considered comparable, Mr. Nielsen believed his property is worth more than the \$3400 on which the condemnation proceedings were based. He suggested a compromise price of \$8100. A further suggestion by Mr. Nielsen was a trade of this property for a portion of the Ladino Dairy Farm.

Motion by Dr. Anderson, seconded by Mr. Hardy, carried unanimously that the appraiser selected by the University meet with one of Mr. Nielsen's appraisers (whichever one he may choose), that the two appraisers choose a third, that they agree on a price for the property; and in addition, set a price on all the North Virginia Street property owned by Mr. Nielsen; further, that they do the same with the Schmitt property, so that if the University desires to purchase these properties, a specific price will have been set - the charge for 3 appraisals to be shared by the University and the property owners in each case.

7. Junior Engineer Scientist Institute

President Stout called on Dean Moose who reported on this item. The University was asked to put on the Institute, "Scientists of Tomorrow", financed from fees paid by the attendants, for June 9-22, to give high school students an idea of the scientific fields, and the courses of study preparatory to them.

8. Pre-Entrance Medical Examinations

Dean Carlson, Dr. Locke and Dr. Russell, Chairman of the Health Committee, came into the meeting. Dean Carlson distributed copies of the recommendation of the Health Committee that a pre-entrance medical examination, performed by the student's own physician, be required of all entering students, effective with the Fall of 1957. Copies of the forms and instruction sheets proposed were also distributed for the information of the Board. He explained that with the increase in enrollment, the time required for the physical examinations has increased from one afternoon to a possible four in the coming semester. It is difficult to find enough physicians to carry on the examination program because of the pressure of their regular practice.

Dr. Locke spoke also of the undesirable features of the present method of conducting the examination program, and the difficulties encountered if the proposed plan were adopted, he would have the right to check the reports from the physicians, and would determine from them the extent of the student's participation in physical activities. With the President's recommendation,

Motion by Mr. Sawyer, seconded by Dr. Lombardi, carried unanimously that the recommendation for pre-entrance physical examinations be approved, as presented above,

and that the statement "at no expense to the University" be included in the printed material.

9. Student Accident Insurance

Dean Carlson and Dr. Russell discussed the recommendation of the Health Committee concerning voluntary accident insurance for students. The plan has been approved by the Student Senate with the request that it become effective as soon as possible. The proposed \$500 blanket accident policy with Mutual of Omaha would be over and above the benefits of the regular Health Service now in effect. With the President's recommendation for approval,

Motion by Dr. Anderson, seconded by Dr. Lombardi, carried unanimously that the plan be adopted and put into effect with the Fall semester 1957, and that it continue to be studied.

10. Loan Funds

At the request of the Board of Regents, a study was made by the Student Affairs office of loan funds at the University. Dean Carlson presented the results of the study, including a description of each loan and an outline of procedure used in handling of loan funds.

The following recommendations were submitted, and President Stout recommended their approval:

- a) The removal of the restriction on the David Russell Fund as to the size of the loans, which had been set by a previous Board at \$100.
- b) Loan funds which are not specifically restricted otherwise should be made available to regularly matriculated students at Nevada Southern, Las Vegas Branch, in the same manner as on the Reno Campus.
- c) Unless there are individual fund restrictions, loans should be made available to any matriculated student at the University of Nevada (under-graduate students should have completed at least one semester at the University of Nevada in Reno or Las Vegas) who is in good standing and has a satisfactory academic record.
- d) Loans should be granted for a period of not to exceed one year, unless otherwise restricted, subject to exten-

sion, unless otherwise restricted.

- e) An extension of a loan may be made for a period of one year, renewable annually while the student is in attendance at the University of Nevada. Extensions after graduation or after leaving the University of Nevada should not exceed one year. The foregoing are subject to any restrictions specified in the individual loan funds.

Motion by Mr. Sawyer, seconded by Mr. Broadbent, carried unanimously that the above recommendations concerning loan funds be approved, and that the Board of Regents establish a policy of granting David Russell Loans in amounts not to exceed \$300.

Motion by Mr. Sawyer, seconded by Mr. Broadbent, carried unanimously that interest rates be increased 1/2% upon each renewal of a loan up to a maximum of 6%, unless otherwise restricted.

Motion by Mr. Thompson, seconded by Dr. Anderson, carried unanimously that the Administration be authorized to invest the funds in the principal accounts, where possible, in time deposits or government securities.

11. Manzanita Hall

Plans and specifications which had been prepared by the architect and checked by the University Engineer for remodeling the 3rd floor of Manzanita Hall, for which \$82,000 was appropriated by the State Legislature, were presented for consideration by the Regents.

Motion by Dr. Lombardi, seconded by Mr. Thompson, carried unanimously that the plans and specifications be approved and that the Chairman be authorized to sign on behalf of the Board, so that bids might be let for remodeling the 3rd floor of Manzanita Hall.

12. Las Vegas Classroom Building

On May 29 Mr. Poolman and Mr. Grant represented the University in the meeting with representatives of the State Planning Board in accepting the Classroom building on the Las Vegas Campus. The Planning Board accepted the building contingent upon the contractor making good certain deficiencies, to which he agreed, and the building was turned

over to the University.

Motion by Dr. Lombardi, seconded by Mr. Hardy, carried unanimously that the action on the part of Mr. Grant in accepting the building upon the recommendation of Mr. Poolman, be approved.

13. Land, Las Vegas Area

At a meeting held in Las Vegas on April 30, 1956, the Board of Regents authorized the filing of applications for land in the Las Vegas area for which the Legislature had appropriated money. One application for 240 acres was submitted to the Governor, and the other application for 280 acres was submitted to the Bureau of Land Management, in accordance with instructions for filing. Word has been received that a prior mineral Claim has been filed, by an Edith Allen, for the 240 acres.

Motion by Mr. Hardy, seconded by Dr. Anderson, carried unanimously that the Administration contact Edith Allen to see if she would be willing to withdraw her application, and if she does not, that the University register an appeal.

14. Summer Sessions

At the request of President Stout, Dean Holstine gave an informal report on the Summer Sessions in Reno and in Las Vegas in which there has been steady increase in enrollment. Course offerings are prepared cooperatively with the Deans and others concerned with the program. The same standards and credits are maintained in the Summer Session offerings as for the regular sessions.

15. Food and Drugs

At the request of President Stout, Commissioner Ed Randall reported informally on the Department of Food and Drugs, Weights and Measures, for the information of the Board. He distributed a prepared report on activities for the calendar year 1955-56, and discussed the functions and purposes of each Division of the Department. He also discussed recent attempts at legislation to remove the Department from the University of Nevada and to place it under another State Division. If change should be made, he stated that he believed it should be to set it up as a separate State agency. Mr. Randall also recommended creation of an advisory committee for his Department, and President Stout

pointed out that such a plan is already under way.

16. Mrs. Blair

President Stout called on Mr. Hayden for a report on the situation of Mrs. G. B. Blair. Mr. Hayden presented the following facts: that she has outstanding loans and debts, that she was 70 years of age at her last birthday, and is without funds at the present time. General discussion followed as to ways and means of possible assistance.

Motion by Dr. Anderson, seconded by Mr. Hardy, carried unanimously that President Stout be authorized to work out an arrangement to put Mrs. Blair on temporary employment by the University at a salary to be determined by the Administration, but not to exceed \$150 per month, and that the Administration continue to study the situation.

17. Candidates for Degrees

President Stout presented the following list of candidates for degrees. These candidates had been approved by the Deans and faculties of the Colleges concerned, and by the Academic Vice President, after the record of each candidate was checked and certified by the Registrar.

PROFESSIONAL DEGREE

Nesbitt, Mark B.

Met. Engr.

Motion by Dr. Lombardi, seconded by Mr. Sawyer, carried unanimously that the candidates be approved and that they be granted the degrees and diplomas indicated.

18. Veterinary Control Quarters

Mr. Bastian reported that he had conferred with Mr. Metcalf and that the Veterinary Control Service is not in a position to move from University quarters at this time. He stated, further, that there is a definite desire on their part to remain at the University for the coming biennium. It is agreed, by consensus, that they be permitted to remain in present quarters for the biennium.

19. Cornerstone, Agricultural Buildings

President Stout announced the cornerstone laying ceremonies for the Sarah Hamilton Fleischmann School of Home Economics and the Max C. Fleischmann College of Agriculture buildings set for Friday, June 14.

20. Wilbourn Plaque

Mr. Grant called attention to the negotiations with the Wilbourns in which an agreement was made for recognition of her mother by placing a plaque in the first building in Las Vegas. The State Planning Board did not include such a plaque.

Motion by Mr. Hardy, seconded by Mr. Broadbent, carried unanimously that the President be authorized to arrange for a suitable plaque to be placed in the building on the Las Vegas Campus in memory of Anita Julia Cornish, Mrs. Wilbourn's mother, in accordance with previous agreement.

21. Mc Henry Report

Motion was made by Mr. Elwell, seconded by Mr. Broadbent, and carried unanimously that, in deference to the Legislature, the principles set forth in the Mc Henry Report be considered at the next meeting of the Board of Regents.

The meeting adjourned at 6:10 P.M.
