ASSIGNMENT 8
EMERGING TECHNOLOGIES

Directions:
Many new emerging technologies on the horizon will benefit education. Identify one emerging technology that you feel will have the greatest impact on or benefit education. Use the CSN Library databases or Google Scholar to conduct your research, and write a minimum, 2 page word processed paper that:

a) Briefly summarizes what the technology is and how it works
b) Explain why you selected the technology and then describe the ways in which it will impact education
c) Include references with citations written in APA or MLA on a separate page
d) Copy/Paste the first page of the article and submit with your paper.
