EVALUATING EDUCATIONAL SOFTWARE
Assignment 10

For this assignment, you will locate and evaluate 3 educational software products found on the web. This can include online educational activities, such as Brainpop. Spend about 20-30 minutes per software choice, before completing your review. You can download 30 day trial versions of some software products. You can use the following list of websites to evaluate, or you can search the Web and locate other software to evaluate.

If you select an activity or game from an educational website, such as Brainpop, you must select an activity from the website, and evaluate it.
